Principal Ritchie Woods (R) receives school key from Architect, Jack Gardener

Presentation of Key Officially Opens New School

With the passing of the traditional gold key from Architect J. Gardener to Principal R. Woods, the Frank Maddock High School was officially opened before some 150 onlookers January 28th in the school auditorium.

Ceremonies began at 8:15 p.m. with two grade 11 students acting as Master and Mistress of Ceremonies, Jim McKillop and Colleen Bengston.

Gorge Mann, Chairman of the Parkland School Committee, extended greetings from the school committee to all present, and felt all should realize how each school committee member belonged to the orchestration of Frank Maddock school.

Mr. Mann expressed the idea of the community school concept in that today the new school will be used by the young, but tomorrow will see the young and the old taking advantage of the facilities.

"It started with a dream," he said, "and it's now a reality". He hoped the students would accept the school with the will to learn and joy in their hearts for such an institution.

"The differences among men are enormous," Mr. Mann said, "and the task of overcoming such differences must be dealt with, although some may prove insurmountable."

"Our object is the understanding of the whole community of men and their problems," he added. In that respect, the idea of the community school has developed, and Frank Maddock High School has become a part of it.

GEORGE MANN
School Com. Chairman

In response, a representative of the student body,, expressed the hope of all the students that they may be doing the school justice and that they appreciated the planning, the time, and the money that went into such a building.

In answer to such a hope, Superintendent M. Holman presented grade nine student, Heather McKenzie, with the coveted Governor-General Award for outstanding academic achievement at the grade nine level.

Following the presentation, the school chorus, lead by A. Pierce, sang "Finlandia". Mr. Pierce then played a piece that has become a symbol of all openings, "Bless This Home". The ladies' chorus then sang "You'll Never Walk Alone."

Guest speaker Cyril Perch, representing the Department of Education, spoke on the expectations of those involved with the school.

Mr. Perch, himself was born in Leduc area, receiving his educa-

Renovations to the Drayton Valley RCMP office were expected to be completed by the weekend, according to Sgt. Thorstad.

Started in the early part of November, construction has been done by the D.V. Builders, a local firm.

Where three separate offices, storage rooms, and large general office now stand after renovations, the married officers' quarters and a small general office used to exist.

A men's and a women's cell have been added, as well as an exhibits room and a recreation room in the basement.

The some $20,000 used for the renovations were provided by a federal grant.

Sgt. Thorstad said that the public will be given a chance to see how their policemen work and and to see their new office.

During National Police Week sometime in May, the office will be open for tours, with demonstrations and slides given on various machines and functions of the RCMP.

Court of Revision March 9th

Members of Drayton Valley Town Council will sit as a court of revision at the Council Chambers of the Administrative Building at 10:00 a.m. on Thursday, March 9th.

At the regular meeting on January 27th Councillors Huber, Helm, Zubot, Waugh and Smith were appointed members of the court.

Council decided to follow the usual practice of asking the Department of Municipal Affairs to appoint assessors for the community.

The Western Review Gets 'New Look'

Readers saw a new Western Review last week, when, for the first time since it became an offset newspaper, columns of type were justified both left and right.

The new computer system has replaced the IBM Executive previously used for all copy. The computer will now be used exclusively for stories and editorial matter.

The "Justowriter", made by Friden, a subsidiary of the Singer Company, consists basically of two machines resembling typewriters.

The Recorder, on which the operator types the copy, produces a punched paper tape that contains codes for all keyboarded copy.

Tape is then put through the Reproducer, or Recorder reader. Acting as a computer, the machine produces justified copy at 100 words per minute. Copy can then be pasted up as is, and goes through the preparations for final reproduction on newsprint.

Guy Boutin, Hinton, 106 pounds, unanimous decision over Danny Johnson, Lethbridge (excellent bout - very hard fought); Gordon Perreault, Boys Club Edmonton, 132 pounds, unanimous decision over Lance Nichol, Downtown Lions.

Berrymoor News

Best wishes to Miss Heather Malin of Buck Creek and Mr. Fred Martin of Berrymoor, whose engagement has recently been announced. The wedding date will be decided at a later date.

This is a correction on a news item that appeared a couple of weeks ago that stated that Miss Emily Joneson's fiance was Mr. Wayne Garding. This should have read Mr. Wayne Griffin. Sorry about the error folks.

Due to the very cold weather a number of games scheduled at the Buck Creek Curling Rink for this week had to be postponed to a later date. Hopefully, the weather will be warmer then.

Miss Sadie Maxwell and Mr. Dwayne Thorsen were recent visitors at the home of Mr. and Mrs. Donald Martin.

"The parks are hereby dedicated to the people of Canada for their benefit, education and enjoyment...and such parks shall be maintained and made use of so as to leave them unimpaired for the enjoyment of future generations."

SECTION 4: NATIONAL PARKS ACT

A public hearing will be held in Calgary March 9 and 10 (also March 11 if necessary) to hear comments on planning proposals for the Lake Louise area of Banff National Park, in particular on the development proposals submitted by Village Lake Louise Ltd. This is one in a series of public hearings being held across Canada to hear the views and recommendations of interested citizens on planning proposals respecting Canada's National Parks.

Individuals and organizations are invited to submit written briefs, in either official language, and to indicate if they wish to speak at the hearing. It is not necessary to submit a written brief in order to speak.

Everyone is welcome to attend these meetings—to listen or to participate.

Documents describing planning proposals for the Lake Louise area can be obtained for $1.00 (money order or cheque payable to the Receiver General of Canada) from:

Regional Director, Western Region,

tion in Edmonton. Graduating from the University of Alberta in Edmonton with a B.A. degree, Mr. Perch entered into the College of Education, which was just taking over the Normal School system.

With a Bachelor of Education Degree in his hands, Mr. Perch entered the teaching field, instructing for 13 years in Alberta. In 1945, he joined the Department of Education as Superintendent of Schools. During that time, he served as Executive Secretary of the Co-Terminus Boundaries Commission - a prelude to the formation of the counties now designated.

In 1970, the Department reorganized, and Mr. Perch was transfered to Fine Arts, where he become the consultant with the Regional Office in Edmonton.

Mr. Perch felt that the school, itself, has become a complex institution.

"The school serves the students, and should be designed for their learning," he said.

Serving in a fine arts capacity, he felt that the design of the school with such as the stage and gymnasium and acoustical considerations, was well-planned and organized. He felt that this would help bring the community into the school.

Turning to the expectations of those involved with school, Mr. Perch suggested that the board members and the administration expect the school to run smoothly; their pupils meet with success they deserve; the relation between staff and students be good.

The parents, he felt, expect their sons and daughters to meet with success in their chosen programs.

And the students, themselves?

"Students want the school to meet their individual differences," Mr Perch said. "They want success in the subjects needed and wanted; they want to experience accomplishment and they want to 'feel good' about their school".

"Schools have become student centered," added Mr. Perch. "The trend is to get the students to take more responsibility in learning."

He felt that students must discipline themselves, and that they should be given the chance to take leadership roles concerning themsleves.

"There should be less pressure and less tension in order to humanize the school, the students and the teachers," he said.

In conclusion, Mr. Perch pointed out that the building alone doesn't make the school -- the teachers and the students make it.

Following an unusual song called "Silence" by the ladies' chorus, and a modern piece called "The Synthesizer" by the entire school chorus, Jack Gardener, architect presented the key to Mr. Woods.

"I accept this key on behalf of 'our gang'," and Mr. Woods. "And I am pleased to work in a school that has such a name as Frank Maddock as its patron.".

"Our motto is 'Strive To Excel'," he said, "and I think this motto only follows the demonstrations of such as Frank Maddock.

A.A.R.N. Meeting

The regular meeting of the A.A.R.N. will be held Monday, February 7th at 8:00 p.m. at the Nurses Residence. All members urged to attend.

Big Horn Reservoir to Be Filled This Summer

Final stages of construction of the Bighorn Dam will require the closure this fall of the tunnel which has diverted the river past the dam site, the Honourable W. J. Yurko, Minister of The Environment, has announced.

As a result, no water will pass the dam, allowing the reservoir to fill during an 80-day period from August 1st to the end of October.

Closing the diversion tunnel is necessary to convert it to a power conduit to serve the two turbines which will be located in the Calgary Power generating facilities at the dam. Following the 80-day period, water will again pass the dam through the powerhouse, which will begin operating in October.

The effects of closing the dam have undergone careful scrutiny by a committee of experts representing government departments and Calgary Power.

Closing the diversion tunnel and filling the reservoir will result in five-mile stretch immediately below the dam receiving no water during the 80-day period.

During this time, water is expected to stand in pools in the riverbed, and if they are deep enough fish will concentrate in the pools. Other fish are expected to move downstream where there is a continuous flow.

Five miles downsteam of the dam, the Bighorn River joins the North Saskatchewan. Further downstream other creeks and rivers enter, so by the time the river reaches Rocky Mountain House, flow will be, at the very minimum, one-third of normal.

There are no settlements between the dam and Rocky Mountain House dependent on the river for water. No adverse effects on the water supply of Rocky Mountain House are foreseen. The flow in the river, due to the entrance of the Clearwater and other rivers, will also be sufficient to accept the effluent from the town's sewage treatment facilities, although it may be expected it will be more visible, especially if the main stream of the river is away from the sewage outfall.

With the river flow at Edmonton supplemented by water from the Brazeau Reservoir, no effect on water supply and sewage dilution is expected there. But as a precautionary measure, industries along the river will be required to go on their winter waste water treatment schedule August 1st instead of the normal November 1st.

After Bighorn reservoir is filled, the part of the river most affected will be the section from the dam to a point 20 miles downstream.

This broad valley has ill-defined channels, low banks and limited vegetation. The storage of the high June-July river flow at the dam may in time result in gradual forest encroachment on the flood plain.

Downstream from that point, the river flows in an entrenched valley as far as Tobin Lake, the reservoir behind Saskatchewan Power's Squaw Rapids Dam near Nipawin, Saskatchewan.

Since there are no braided channels on the North Saskatchewan River in this stretch as there are in the Peace River delta, any changes in flow resulting from the filling of the reservoir in summer cannot dry out large expanses of land or river channel.

Edson Council Rescinds Closing Bylaw

Edson's experience probably parallels that of most other towns and cities where it has been found that the early closing by-law is often a controversial subject.

The Edson council rescinded the bylaw last week after a ruling by Provincial Judge Keyes that the closing by-law was discriminatory. He also pointed out that council was inconsistent in making exceptions, such as special Christmas shopping hours.

The complaint was brought against an Edson grocery that refused to accept the Wednesday closing rule and took the matter to court.

The Edson Leader notes, "The matter of regulating, by council, of hours of doing business by various firms in town has exercised (some would say wasted) more Edson Council energy than any other matter brought before it in living memory".

Make Safety a Rule For Hobbies

Take heart, mom, eventually children grow out of the noisy toy stage. Unbelievable as it may seem, your seven year old cowboy will gradually become more interested in sports, reading and hobbies.

While these new interests may reduce the household din, they do not relieve you of surveillance duties. In fact, they may increase them.

Hobbies can be especially dangerous, warns the Council of Family Health in Canada and lists some hazards below.

Familiarize yourself with the instructions and warnings that come with every chemistry, biology or pollution set. Never leave your child alone while he experiments, especially if he is using an alcohol burner. Check each experiment and make sure he uses the right ingredients. Train him to keep his hands away from his eyes and face when handling any powder or liquid substance and insist he wash his hands when he is finished.

Paints, solvents and other materials employed by the amateur artist should be used and stored properly. Always keep a window open, especially when using solvents for mixing paints or cleaning brushes. Be careful that he does not get solvent on his skin as they may be absorbed through the pores.

Keep a watchful eye on junior candlemakers, especially when they are melting wax and using coloring agents.

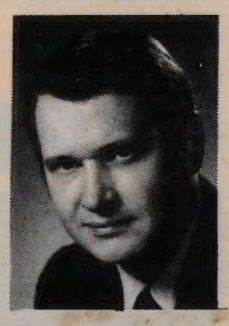
Making beaded jewelry seems harmless enough until baby brother swallows one of the tiny crystals or a few beads end up in the dinner. Give your beading enthusiast a special work corner and vacuum the area after every use.

Young sewers or crocheting novices should remember that a bed or chesterfield is a dangerous place to stick pins and needles.

In general, the Council advises that you teach children respect for their hobbies and always keep hobbies away from younger children who may not be mature enough to handle them.

Report From Parliament Hill

By Allen Sulatycky, M.P.



The Secretary of State has announced that the Federal Government will continue to expand the Opportunities for Youth program which was started last summer.

In its initial year the program came in for some severe early criticism because of a few ill-conceived projects, but by the time the summer was over it was drawing praise at home and abroad, including a laudatory article in Look Magazine.

Among the communities which benefited last year, while providing jobs for students were Bellevue, Blairmore, Coleman, Frank, Hillcrest, Banff, Jasper, Edson, Drayton Valley. Entwistle and Fox Creek. As a matter of fact, every proposal from the Rocky Mountain constituency was approved.

Almost $10 million will be added to the funds available to the program this summer, making a total of $33,978,000.00.

Opportunities for Youth gives young people a chance to develop the kind of projects they would like to undertake for the summer, rather than being told what type of jobs are available.

It offers young people a chance to serve their communities and to benefit personally from the experience. It challenges youth to focus on community rather than individual needs, and on social rather than personal problems.

In 1971, Opportunities for Youth funds went to a wide range of community, educational and recreational services, and to environment, information and cultural projects.

The kinds of projects which will be considered are similar to last year's with the emphasis on community benefit and youth involvement. Preference will be given, whenever possible, to those with the greatest need.

Criteria for assessing proposals will be youth involvement, community benefit, feasibility, and originality.

Priority will be given to projects initiated by youth; involving post-secondary students; having the most participants co-operating in the planning stages; intending to practice democratic management; fulfilling a need in their community; creating new services in the community; demonstrating support in community.

The typical project would involve eight to 12 people and have a budget of $10,000 to $15,000.

I would encourage all community association to give thought to the kinds of projects which may benefit the community and which would qualify for support for the Opportunities for Youth funds.

Application forms may be obtained at any Canada Manpower office, or by writing to me, Allen Sulatycky, M.P., House of Commons, Ottawa. Applications must be made by March 1, 1972.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (of the Calgary Herald)

When the Conservative government launches a three-year review of Alberta's power policy, the question of public ownership will again move to centre stage.

While the Lougheed administration has never endorsed the idea of publicly-operated electrical utilities, it remains a fact that only Alberta and Prince Edward Island still rely on privately-owned utilities to produce, distribute and sell electricity.

Telephones and Utilities Minister Len Werry will be charged with responsibility for the review of government policy regarding power in Alberta and his job will not be an easy one.

Without taking a stand on power ownership, Mr. Werry recently launched the debate by telling a Calgary audience that major studies are required on many subjects touching the operation of electical utilities.

Specifically, he said the province will examine "the question of whether or not the mixture of private, municipal and rural electrification associations is the most advantageous method of providing uniform economical power to all Albertans."

Whatever form the studies take Mr. Werry is certain to be sitting on a political powder keg, one which has exploded in the faces of other individuals. It was the public power issue which split the Alberta Liberal opposition of the 1950's and started that party on the road to oblivion.

And, in his own party, it should be remembered the Conservatives talked of selling Alberta Government Telephones to private investors during the election campaign, not of publicly buying private power companies.

Mr. Werry's hints of a policy review undoubtedly has caused uneasiness in the boardrooms of Calgary Power, Canadian Utilities and Northland Utilities, Alberta's three private electric firms.

In his Calgary speech, Mr. Werry offered some arguments for consideration of public ownership.

These include lower interest rates for capital borrowings, economies of scale and administrative convenience caused by having a unified system.

Of equal importance is the experience of other provinces, notably Manitoba, in using provincial hydro commissions as tools of government policy for encouraging development in selected rural areas.

This latter argument is bound to have influcence with Premier Peter Lougheed, who has pledged his government to a full-scale attempt to de-centralize industrial development beyond the Calgary-Edmonton corridor.

Mr. Werry's speech opened the debate; it will continue for some years to come.

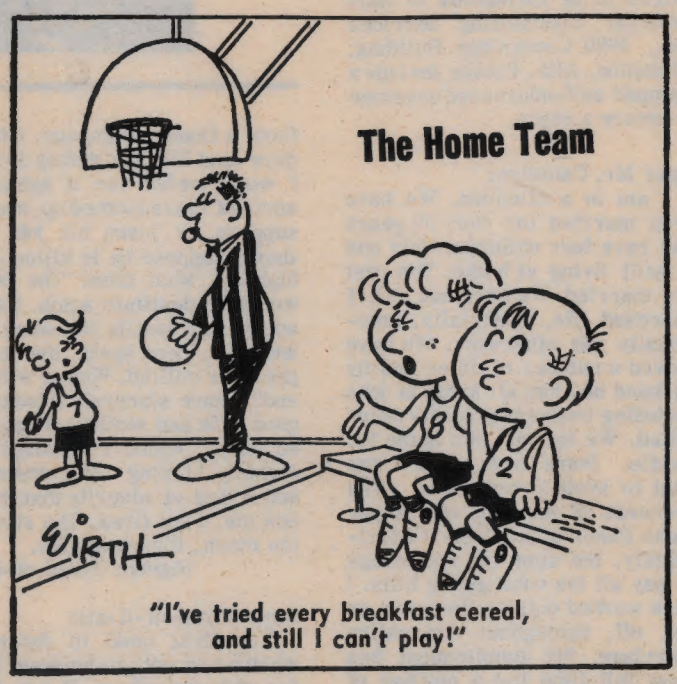
It was moved and carried that Mr. M. Holman be authorized to attend the National School Boards Association Convention in San Francisco from April 15 - 18th with registration fees and expenses paid.



Gainford News

Eleanor McConnell from Spruce Grove dropped in to see the McLeods on Tuesday. She had Terry with her.

Marcy Millar celebrated her birthday on January 19th. She was 11 years old. Her name was called on the Pop Corn Playhouse birthday list, CFRN, and was told to look under her pillow for a present.

Today, -20, Mrs. Lawley ventured out. It was the first time in 15 months she had been into the local Post Office. Steps and stairs are pretty hard for her to manage yet.

On Thursday, Karen McEacher, the McLachlan's granddaughter from the Wye district east of Edmonton, appeared on Pop Corn Playhouse. She explained catching a fish on Lake Isle, and in true fisherman style, showed the fish a good size.

Mike Nakanasney spent a winter holiday with his sister Annie and family at Nojack.

Returning to Gainford from a city hospital last Thursday was Mr. Dan Rozgo.

Art Williams is home from the hospital, arriving Thursday evening.

The Jim Browns returned Saturday night from an extended trip through Saskatchewan, Manitoba, Minnesota and Ontario. They visited Hazel's son and family at Bursay, Saskatchewan; Jim's two daughters at Fertile, Minnesota; Back to Winnipeg and on to Ottawa by train to visit Jim's eldest son, Captain Ray Brown, R.C.A.F. and his family; back to Toronto to see Hazel's daughters. Returning to Winnipeg they resumed their trip by car to Bursay, Saskatchewan, Maple Creek up to Unity, Marsden, Maidstone and Lloydminster.

The Kerelueks are busy doing a fabulous job of redecorating the Gainford Hotel. Now that the lounge is completed, it is really something new and smart to see. The rest of the finishing for the building sounds as if it will be just as spectacular. This is to the best of our knowledge, the first type of this work west of Edmonton.

Also Milt McMahon of Imperial Esso for providing the extra team trophy required for the Midget "A" tournament and Treasury Branch for providing the outstanding player plaques.

Also, those parents who supported the program and your sons this past week are to be commended for showing interest and giving time to such a worthwhile activity. Your sons appreciate your support!

About 26,000 Canadians enter hospitals each year for treatment of chronic bronchitis and emphysema.

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton, Alta. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:

I am in a dilemma. We have been married for over 30 years and have four children. Only one is still living at home. The rest are married. We have had a very unsettled life, financially, emotionally and otherwise. We have moved a number of times and my husband has had all kinds of jobs including business projects which failed. We had our own home for awhile. Some years ago it was sold to avoid foreclosure. The proceeds of the sale went to pay these flukes in business. Unfortunately, the sum was not enough to pay all the outstanding bills. I have worked outside the home, on and off, throughout our entire marriage. My employment has been full-time for a number of years now you see, I learned to type in my late 40's; took shorthand at 50 and other courses to upgrade myself for better employment. I have only recently obtained employment where it is possible to contribute to a pension plan and other benefits. I have worked hard, and have had very little pleasure in life outside of a warm relationship with my children and a few friends.

During this period of time, I did not dare answer the phone or the doorbell for fear it was another caller wanting information on our financial circumstances; or serving a subpoena to appear in court for unpaid bills. Part of the time, my husband was unemployed. When he was employed, he was earning very little so that the collectors could not sue. But my husband has now obtained a reasonably good job and the old unpaid bills have raised their ugly heads - now with accumulated interest charges. His pay-cheque was garnisheed, and his employer has notified him that he must make some arrangements in paying his bills or he will be discharged. This is company policy.

In the meantime, by careful budgeting, I have managed to save a small sum of money which I invested in Canada Savings Bonds. My husband has asked to borrow it. I have refused. He is hostile and borrowed the money from some finance company. But his attitude has made me feel guilty. I cannot possibly pay his debts, nor do I desire to. I can never earn enough to keep this up. He has made no provision for his family; no home; no savings; no pension; nothing. I was serious when I took my marriage vows. I have sincerely tried to keep things going, financially, emotionally, and otherwise. My emotions have now reached a low ebb. I used to blame myself for these conditions, but a counsellor whom I saw about nine years ago assured me I should not do this. My husband will have no part in counselling. His latest escapade was the purchasing of a car which he needs for his work. He bought it without my awareness; arrived home with the surprise and asked to borrow the money again in order to avoid heavy interest charges from a finance company. I did not dare lend him the money for fear I would never see it again. All sorts of fears loomed up, such as, suppose he loses his job, what then? Suppose he is killed on the highway, what then? The family would be destitute again. He was angry and hostile for some time and now, once again, the atmosphere is chilled. Where will this end? I have sincerely tried to be a good wife and mother. I have lived under, which I consider, extremely trying circumstances and a lack of security that frightens me. I am tired. The strain is too much. Please advise.

Signed: Tired-of-it-all

Dear Tired-of-it-all:

You first need to determine whether or not you have any heart for this marriage. If you have, then, see a counsellor about referring you to a financial adviser who could work through, with you and your husband, the kind of steps which will take the pressure off these past debts, and make the days ahead a little smoother. If your husband refuses to co-operate, then, you are back at the place where you either decide to try to live with the circumstances again, or call it a day.

Council Drops Out of E.M.O.

An invitation to attend the Alberta Emergency Measures Organization annual municipal conference on emergency planning, was considered by Town Council at its regular meeting on January 27th.

Following discussion Cour[illegible] decided to drop out of E.M.[illegible]

Council members felt that since no enthusiasm has been expressed in the community by persons interested in EMO training that there was little use in continuing membership.

EMO Co-ordinator Fred Galvon had also asked that he be replaced and his resignation accepted.

Edmonton Stock Show in March

Five hundred head of select beef breeding stock will be offered in Edmonton March 25th to April 1st during the Canadian western Stock Show and Sale.

Entries announced to date include 81 Polled Herefords, 156 Horned Herefords, 61 Aberdeen Angus and 52 Shorthorns. A further entry of 150 head of Charolais, Maine-Anjou, Limousin and Simmentall will push the total to the five hundred mark.

Under a different program, the new breeds will be on display Friday evening, March 31st and sold Saturday, April 1st starting at 10:00 a.m.

All events will be held in the Sales Pavilion, Exhibition Grounds, Edmonton during the 1972 Canadian Western Stock Show and Sale.

Education Notes

FROM THE
SUPERINTENDENT'S DESK

PRE-REGISTRATION
OF BEGINNERS

The County's policy for children beginning school is as follows:

"The School Committee will accept in its schools in the Fall, children who will be six years of age and older on the last day of the following February."

If you have a child who will be six years of age and older before February 28, 1973, please advise the principal of the school nearest you. A form of pre-registration will be sent to you by the school.

TEACHERS CONVENTION
FEBRUARY 14, 15

Teachers in the County of Parkland will be attending the annual Teachers' Convention in Edmonton on Monday and Tuesday, February 14 and 15. Approximately 2,500 teachers from North-Central Alberta will be in attendance. The theme of the convention is "Tomorrow is Now". Teachers will be considering how future societal changes will affect the education scene, along with many other topics. Schools will be closed on these two days.

MODIFIED SCHOOL YEAR
T.V. PANEL-FEBUARY 8

Interest in the idea of a modified school year continues to be high. Both the CBC and the CTV television stations in Edmonton, with the assistance of the Edmonton Council of Home and School Associations, have scheduled discussion programs in regard to the subject.

EDUCATION WEEK
MARCH 6 TO 10

The theme this year for Education Week, March 6-10, is "Education Hits Home". The theme was announced by Mr. Lou Hyndman, Alberta Minister of Education and Honorary Chairman of the Education Week Committee.

Mr. Hyndman said, "When we say education hits home, we mean that in all connotations. Education is more important in more ways to more people today than ever before. We feel Education Week can help focus public attention on and increase public understanding of the hows and whys of Alberta's Education system".

Chairman of the committee is Mrs. Donna Halstead of the Alberta Teachers' Association. Other members are Mrs. Edith Hyntka of the Alberta Federation of Home and School Associations, Bain MacDonald of the Alberta School Trustees' Association, Daniel Ewasiuk and Harry Rensby of the Department of Education, and William Payne a Calgarian serving as public representative on the committee.

The Education Week Committee is charged with coordinating activities throughout the province. While local programs will be the responsibility of school boards, individual schools, teachers and students, the committee intends to sponsor several province-wide projects to help inform the people of Alberta about Education.

CFRN - TV is featuring a daytime panel show on the subject of school year modification. Dr. Jack Church, Director of Pupil Personnel Services, will speak for the Dept. of Education. Other panelists will represent the Home and School Associations, the Chamber of Commerce, the Alberta Teachers' Association, and the Alberta School Trustees Association. The program will be aired live, Feb. 8, from 9:55 to 10:20 a.m.

INTEREST HIGH IN
COMMUNITY SCHOOL

A special meeting on the community school concept was held at Spruce Grove Serplex on Jan. 22. Several school committee members, students from the University of Alberta, and other interested citizens discussed several aspects of sharing community and school resources. A detailed report will appear in a later issue of this newspaper. Any community interested in exploring the topic is encouraged to contact Mrs. B. Howery, Spruce Grove; Mr. A.R. Myre, Stony Plain; or Mr. C. Krabbe, Drayton Valley. This committee was established as a result of the Spruce Grove meetings and will assist any group interested in organizing a similar meeting.

Lodgepole

Welcome to Mr. and Mrs. Terry Wentland and family who have moved back to Lodgepole from Edmonton.

Congrautlations to Mr. and Mrs. Ted Dolec on the arrival of a son.

Mr. Bob Mailer has returned from a holiday in Vancouver. Gordon Japp is back after a month's leave.

The local teachers attended the Teachers Institute at Spruce Grove. Mrs. Kay reports a high attendance in spite of the bitterly cold day.

Sympathy of the community is extended to Mr. and Mrs. Fred Achtimechuk and family in the loss of her brother.

Lindale News

A most enjoyable time was reported by the students who went by bus from Lindale School to the University of Alberta on Saturday January 15. They saw a basket ball game and a hockey game, as well as touring parts of the University, and having supper there.

Congratulations go out to Larry Belanger on his recent engagement.

Get well wishes go out to all those who have been bitten by the flu bug.

Tom, Marie, and baby Christopher Bijou, and Joe Poulin were weekend visitors at the home of Mr. and Mrs. F. M. Bijou of Lindale. At the time, Mrs. Lawrence Poulin (formerly Rena Bijou) was in an Edmonton hospital, but she has since been released. Get well wishes go out to Rena.

The air controllers strike has even affected our hamlet. Harry Tweedle returned home from B. C., via train as far as Edmonton.

The Lindale students went to Devon on Tuesday, January 18th, but came out losers in their basketball game against Devon students.

SEEK PAVING IN NEW AREA

C. Broughton approached town council at their regular Jan. 13 meeting as a representative of residents on property in Block 55 abutting on 44 Ave. and 43 St.

He advised council that the petition he was supporting, which asked for paving of the streets concerned and the installment of monolith sidewalks, represented 100 per cent of the people owning lots fronting on those streets.

Mr. Broughton said that the property owners were aware of the obstacles which may make it necessary to delay at least until 1973 to provide pavement.

He said that some possibility may be entertained for installation of the sidewalks.

Council felt that as soon as it proved feasible, practical, and economical, the streets concerned would be given the consideration they merited. They also recognized the asset that paving becomes to a town.

However, council pointed out, the town did have a $250,000 paving program in 1971, and it would normally be another two years before another similar program would be undertaken.

D. Wayne Gordon, Edmonton Regional Planning Commission representative, spoke to Town Council at their regular meeting January 13th concerning the proposed subdivision of the south half of Block 104.

This area (south of West Park Mobile Home subdivision) has been designated for duplex semi-detached unit lots and covers about 10 ordinary town blocks.

Mr. Gordon pointed out that Council should control rather than restrict the development.

He said that Council should make sure that zoning does not include too many lots and thus possibly leave some undeveloped and only to be filled in by single unit dwellings.

It was noted, however, that the intent of the developer appeared to be that all lots would be developed immediately; therefore, there would be no situation as suggested by Mr. Gordon.

COUNCIL BRIEFS

Application for duplex semi-detached homes in Block 104 (south of West Park Mobile Homes subdivision) by Challenge Homes Ltd. was approved by town council at their regular meeting January 13th.

By-law No. 532, authorizing a rewrite of the Business License regulations for the Town of Drayton Valley, was given three readings.

It appears the Dog Control program is going well. In a report to town council by Secretary Johanneson, the dog warden, who has been in office for only a short period of time, has made four trips to town, picked up 19 dogs, and issued violation tickets for known dog violations. It is hoped that with the co-operation of the public the dog control situation in the town can be made satisfactory to all.

In a chairman of Utilities report on the progress of the river intake construction, it appears there has been good response to the advertising for tenders as four or five firms have shown interest. Closing date for tenders was January 18th, with a view to commencing work in early Feb-

Town will authorize sponsoring of a snow vehicle in the North Am International Races in Wetaskiwin, with the operation and snow vehicle being appointed by the local snow vehicle club.

P.C.'s Plan Nomination Meetings

Edmonton -- Hugh Gourlay of Banff, candidate for re-nomination in the Rocky Mountain Federal Constituency, last week announced that March 6th has been set by the Constituency Association as the date for the commencement of the series of nomination meetings.

Gourlay was the Progressive Conservative candidate in the last federal election. Presently he faces two main contenders in his bid for re-nomination. Joe Clark who is presently living in Edson, and Doug Caston also of Edson.

Gourlay, Clark and Caston are seeking the mandate from the constituency conservative association as its choice as the progressive conservative candidate for Rocky Mountain Constituency in the next Federal Election.

Because of the vastness of the constituency, the nomination will consist of ten meetings to be held throughout the constituency from March 6th, to the 15th.

Sponsors were: 1st in the 1st event, Royal Canadian Legion Ladies Auxiliary; 3rd in 1st event Mountain View Store; Hayduk's Trucking, 1st in 2nd event; Blades Cafe, 3rd place in 2nd event and the Alder Flats Teaching Staff 4th for the event. Seely's Esso, 3rd in the 3rd event, and the student's union bought the remainder of the trophies.

Congratulations to the proud parents, Gordon and Irene Foss on the birth of a baby boy, January 22, named Matthew Oliver Leon and Ester Poudrier had a baby girl, January 22nd whom they have called Pamela Jean. Both babies were born in the Drayton Valley hospital.

The Max Capanuiks were lucky winners in the Cosmo T.V. bingo Wednesday evening. Congratulations.

The Bantams were bused to Drayton Valley by Mr. Patten on Monday evening the 24th, where they took part in the hockey game for Minor Hockey Week. They played their first game against Parkland Maintenance, losing by a score of 5 - 1. Wade Patten scored the lone goal. The second game they won 3 - 2 against L.B. Motors. Wade Patten, Monty McQueen and Rod Blades made the goals. Congratulations to the boys that were picked for stars of the games and received new hockey sticks. In the first game Terry Hayduk was picked as one of the three stars in the game, and in the 2nd game it was Monty McQueen and Rod Blades. Alder Flats Bantams ended in 3rd place,

Joyce Blades and Donald and Marie and Ron Blades braved the cold weather to go and watch the boys play hockey. A lot of spectators went on the bus to watch the games.

To Crack Down On Wood Thieves

BANFF NATIONAL PARK -- Park staff here are burned up over the continued theft of firewood from campsites and picnic grounds and are taking action against pilferers, Park Superintendent Steve Kun said last week.

The annual loss runs into thousands of dollars and may involve up to 20 per cent of the $40,000 worth of firewood provided free of charge to campers and picnickers through an outside contractor.

Warburg Senior Citizens Elect Slate of Officers

Warburg Senior Citizens Club met in the Recreation Centre for its annual meeting on January 24.

A one minute silence was observed in memory of Mr. Bob Monnich.

Roll call was answered by 53 members.

A report was given by the committee that visited Breton Golden Age group with a view to arranging a joint meeting between the two clubs and Mr. Zander, M.L.A. for Drayton Valley Constituency. to discuss senior citizen's nursing homes and senior citizen's homes.

The secretary read the names of all who contributed in any way to the recreation centre.

Mr. Ed Yerman read the auditor's report for 1971 which was accepted. Mr. Yerman kindly donated his services for this and was heartily thanked.

The secretary read a report on the operation of the recreation centre which is proving a success. A hearty vote of appreciation was extended Mrs. B. Arp, social convener, for her hard work on this project.

Officers elected include: Mr. Lawrence Hill, president; Mr. A. Lottridge, secretary-treasurer; directors, Mr. Winfield Scott, Mr. Geo. Saubak and Mrs. Helen Smith.

Mr. Hirst Goldthorpe, president for the past 8 years, thanked the members for their loyal support and wished the club continued success.

The lovely birthday cake was made and donated by Mrs. Maud Williams. There were 9 birthdays this month.

The Senior Citizens would like to thank all the organizations, individuals and groups who entertained them in the past.

The meeting adjourned to meet next month, February 21st at 2:00 p.m. in the Recreation Centre.

SUB-MITS

FROM THE ELEMENTARY SCHOOL

We welcome to our staff Miss Judy Stewart, grade five teacher. Miss Stewart took her schooling in Regina and Edmonton. She took her teacher's training at the U of A. This is Miss Stewart's first year of teaching. She came here in the middle of September from Seba Beach to help ease our overloaded classrooms. She tells us that her winter works projects this year are directed towards learning to sew and learning to play the piano.

* * * * * *

On Monday of this week your child brought home his report card. Mixed reactions meet the child when he brings it home. This is a child who "gets it" for a poor report. And then there is the child who gets a reward for every A. Somewhere between these extremes are found a variety of other condemnations or bribery. Where do you fit? Do you recognize your child's efforts without downright punishment or outright bribery? There are times when teachers wish that they could make out a report card for the efforts of parents as well.

And then, there is the story that comes out of Mrs. Storbakken's room (Special Education class). She was correcting a Spelling Test. Imagine how puzzled she was when she found that one student had an extra word. Problem: What was this foreign looking word that resembled none on her list? Completely baffled she asked the student. He said, "It's listen,' but he had spelled it lison. Mrs. S. is always saying "Now, Listen class. Listen."

LIBRARY NEWS

A recent inventory shows that the following books are missing from our collection and their whereabouts unknown. If you should happen to have one of the following in your possession will you please drop it into the book chute?

"Rattlesnake Run" by Keo Lazarus; "Canadian Women and the Law" by Zuker and Callwood; "When the Bough Breaks" by Otis Carney; "Great Destiny" by Winston Churchill; "The Peach of St. Francis" by Maris Stico; "Two Laughable Lyrics" by Edward Lear; "The Secret Garden" by Frances Hodgson Burnett; "Raiders of the Spanish Peaks" by Zane Grey; "Phantom Roan" by Stephen Holt; "The Secret of the Lost Tunnel" by Carolin Keene; and "The Party Game Book" by Mulac and Holmes.

Many of this week's new books are for juveniles. Books by Blaine Wells and Loring as well as two new books of puzzles and games.

"Ruby Red" by William Price Fox is the story of a girl, Ruby Red, who was determined to scramble to the top in her intertainment world and didn't care how she got there. The language used and the situations described may be offensive to some readers.

"Under the Volcano" by Malcolm Lowery was re-issued by Lippincott in 1965. Malcolm Lowry's death has revived some interest in his books.

Frank Slaughter's latest book "Code Five" is a novel of a crusading doctor's effort to save a hospital.

"Not After Midnight" by Daphne du Maurier is a collection of five long stories.

"Golf--the loneliest game" by Roland Wild was evidentally written to amuse rather than aid.

"Deadfall" by Keith Laumer is the type of mystery story one must finish at one sitting.

"How to Improve Your Bridge" by H. W. Kelsey. This is a serious study of how to avoid mistakes in the game.

Sheep Predator Control Survey

All Alberta sheepmen are requested to complete the questionaire they received recently concerning sheep losses due to predators.

This province-wide survey is being carried out by the Alberta department of agriculture in an attempt to find out the extent of annual losses and to see if present predator control programs are meeting the needs of sheepmen. To help those in charge of preditor control assess the situation accurately, sheepmen are asked to answer all the questions on the questionaire as accurately as possible.

They include such questions as the number of sheep lost each year to dogs, bears, coyotes, other predators and disease; the location of the farm; the size of the flock; and the type of management practised.

E. C. LOWE, District Agriculturist — TOM BROWN, Asst. Dist. Agriculturist

In Drayton Valley each Wednesday at Sekura Auction Mart from 1:00 p.m. to 4:00 p.m.

Jack Kerns, Livestock Supervisor, Alberta Dept. of Agriculture, states that inspection will start at all Alberta Auction Marts on Feb. 1 for Warbles.

He also says that inspections and identification will be the responsibility of the Veterinary Inspectors at each market.

Auctioneers will announce infested animals prior to the sale in the ring and auction market management will be responsible for furnishing the names of the contributor and buyer of such grub infested cattle to the Agricultural Service Board Fieldman who is the Pest Control Officer. Satisfactory arrangement for treatment can then be made.

Treatment with the contact insecticide Rotenone at Auction Markets is a relatively simple matter, weather and time permitting. Cattle treated by this method do not have any withholding period for slaughter and it is safe on milking dairy animals.

Every possible measure of cooperation to ensure treatment for Warbles and to prevent reinfestation is necessary now that 60 per cent of Alberta cattle are in Warble Control areas.

A reminder that the Drayton Valley Office Day resumes on Feb. 2 at the Auction Mart. The eight lectures on "Legal Aspects of Farming" begins the same day in the Sportex Building at 1:00 p.m. in Edmonton.

Note also, that there is a Dairy Production short course at Olds from March 6-30 for individuals over 18 years of age recommended by a Dairy Operator. Tuition is $25. For financial assistance see your nearest Canada Manpower Center. Only 15 students will be admitted.

Buck Creek News

The Len Hogarth family have returned from a winter holiday in Hawaii and report a very enjoyable three weeks. Bruce caught a 30 pound trophy fish while deep sea fishing for tuna. While attending a program "Hawaii Calls" Mr. and Mrs. Hogarth spoke to a lady sitting beside them and found she was the former Edith Guze who had been taught in school by Mrs. Deby of Drayton Valley. This interesting meeting confirms the fact that the 747 and the D.C.9 have made the world much smaller.

Miss Barbara Hogarth will be returning to Europe on Saturday. Due to the air controllers' strike she will be flying from Great Falls, Montana to New York, and then on to England. She will spend some time in Russia and then return to Wales to continue her education on a scholarship award.

Mr. and Mrs. Alex Norman of Sherwood Park were Sunday visitors at the MacDonald home.

The card party at the hall was well attended Sunday evening. The prizes went to; Ladies high - Norma MacDonald, Ladies low - Norma Mailen; Mens high - Bud Hughes; Men's low - Buster MacDonald.

Mrs. Agnes Regenwetter had the misfortune of falling on the ice while curling and breaking her arm.

Local residents in the hospital this week are Ken Gailey, Gail Platz and Brant Macdonald.

Don Regenwetter has left for Fort St. John where he will open up an office for his company.

Remember the bingo at the hall on February 4th. Jackpot $130.00. There will be a $20.00 draw of all the winners in the past year. To qualify the winner must be present at the time of the draw.

ARE CANNED FOODS WHICH HAVE BEEN FROZEN SAFE TO EAT?

The Department of Agriculture, Food and Nutrition Specialist has this comment on frozen canned goods.

Providing the can is not damaged or the seal broken these foods are safe to eat. In a few products, there is evidence of a slight breakdown; however, a single thawing and freezing does not usually have deleterious effects on canned foods. Experimental freezing of canned vegetables, fruits, soup, meat and fish led to the following conclusions:

1. Freezing affects texture, but not flavor or color. In several products, slight differences evident upon opening disappeared entirely on heating. This was particularly true of flavor and odor.
2. Repeated freezing and thawing has a greater effect on texture than a single freezing.
3. None of the products tested were below commercial grade, except for asparagus, which became shrivelled and mushy after repeated freezing and thawing.
4. In general, thawing in air or boiling water was superior to the other methods tried. Products such as cream style corn and cream of tomato soup, which curdle somewhat on freezing, were preferably thawed in a heated pan.

TRICHINELLA IN PORK!

The incidence today is not great; however, the occasional case does arise. The following treatments to pork will render it safe:

a. curing in brine for 40 days at 36 degrees; b. freezing at 5 degrees for 20 days; c. freezing at 0 degrees for 24 hours; d. cooking to 137 degrees for 3 1/2 hrs.; e. cooking a 15 lb. ham for 3 1/2 hrs. and smaller hams for 30 min./lb.; f. cooking a pork roast until the red color has disappeared, i.e. if the protein has coagulated, so has the worm.

NOTE: The recommended temperature for cooking pork is 325 degrees.

The symptoms of trichinosis in humans are nausea, colic, muscular pain, and periorbital edema.

Violet Grove News

Violet Grove Community general meeting was held in the Violet Grove Hall January 18th with 11 members present.

Election of officers was held and are as follows: Mrs. Look, Secretary; Edna Wilson, Treasurer; Cec Pequin, President; and Fred Wilson, Vice-President.

There is to be a social and dance on February 11th.

On January 18th Laura Davidson was hostess to U.C.W. active group with five members attending.

Pembina Playschool Again in Operation

The Pembina Playschool is in operation again, prepared to continue until the end of May. There are fifteen children enrolled. The cost is $1.50 per child per week.

Classes are from 1:30 to 3:30 p.m. Tuesday, Wednesday and Thursday of each week, except school holidays.

A great deal of ground work has been covered this year. Two instructors, Mrs. Allison and Mrs. Soliski are now qualified to teach playschool, being trained by the Edmonton Parks and Recreation staff under the sponsorship of Parkland Recreation. Mrs. Allison is teaching now.

Accomodation for playschool is donated by the Royal Canadian Legion. A Volunteer parent or subsitute is present on a rotating basis to assist the instructor.

The Kinsmen Club of Evansburg has donated the funds to purchase the necessary permanent equipment needed to run a well organized program. It is the aim of the playschool program to delight a five year old child.

The primary purpose of playschool is to aid in the development of the pre-school child socially, physically, emotionally, and intellectually.

Fulfilment of these objectives is achieved through emphasis given to: providing an opportunity to play; Encouraging him to co-operate and share with others; Encouraging him to express himself; Developing his sense of independence; Instilling in him an appreciation for routine; Helping him to respect authority; and Developing an awareness of the world around him.

Any child in the area who will be starting school the following year may attend playschool. For further information call, Connie Soliski, President of the Playschool Organization, 727-3524.

The executive of the Curling Club again urges the walkers that have not handed in their money from the walk-a-thon held the end of October to please do so right away. They gratefully acknowledge the following donations: Parkcourt Community Club, $50.; Kinsmen Club, $200.00; Royal Canadian Legion, $100.00; Pembina Valley Golf Club, $40.00; Evansburg Volunteer Fire Department, $25.00; United Church Women, $25.00; Catholic Womens League, $15.00; Kinnette Club, $50.00; Ladies Auxiliary, $84.00; Reno Community Club, $64.69; Nigel Aspeslet $5.00; and anonymous, $5.00.

Plan Increase in Assistance Grants

Premier Peter Lougheed announced last week that the government will recommend to the Legislature an increase in the Municipal Assistance Grants Program for the coming year. Premier Lougheed said the increase would be from $38 million to $42 million and is the largest amount ever provided by way of support to local Government in Alberta.

Mr. Lougheed stated the increase is being recommended at the urging of Municipal Affairs Minister Dave Russell on behalf of the Municipalities for more assistance to provide needed services.

Mr. Lougheed said the final amount could not have been determined earlier because it was necessary for the Cabinet to assess the total budget position in relation to other priorities. This process was not concluded until last weekend.

The Municipal Affairs Minister said he based his case for an increase in direct response to representations as to needs made during the last two weeks by municipal associations and representatives from all over the province, and to recommendations received from the Government MLA Task Force on Provincial-Municipal Financing.

The talks concluded last Thursday, in time for the Municipal Affairs Minister to present his case to the Cabinet on Tuesday. As a result of the strong case for assistance presented by the Municipalities, the Cabinet reassessed its position and decided that the original figure should be adjusted upward.

Entwistle News

The Entwistle Curling Club held their Mixed Bonspiel on January 14, 15 and 16th with a grand bunch of curlers and all having a good time.

The Grand Challenge Event had the trophies donated by the Stony Plain District Savings and Credit Union and were won by the Buckler rink of Drayton Valley; second, Ron Robinson, Edmonton; third, Climie of Mayerthorpe; and fourth, Schwanick of Mayerthorpe

EVANSBURG AREA NEWS

Evansburg News

Legion and Auxiliary members are reminded of the monthly meeting Monday evening 8:00 p.m., February 7th.

The Catholic Women's Leauge wishes to thank all those who sold and bought tickets on their Christmas food hamper. The winner of the hamper was Mr. Lorrie Kozak, of the Reno District.

Congratulations for a very happy birthday go to Bob Cumming who was 71 on January 30th. Bob was born Comrie, Perthshire, Scotland in 1901. He came to Canada in 1927 and settled in Radway, for 16 years doing some farming, truck driving and was employed as a butter maker. In 1943 he went to Fort Saskatchewan as a grain buyer and stayed there for two years then was transfered to Manola. He bought grain there until he came to Evansburg in 1947. He was with United Grain Growers until his retirement in 1965. Bob has been very active in the community, he was president of the Community League; one of the committee that got the first curling game on the open air skating rink. He is still a member of the Royal Canadian Legion. His hobbies are fishing, golfing and reading. Bob is still active and was greens-keeper for the Pembina Valley Golf Club last season. Bob took his wife and youngest daughter back to visit his home in Scotland in 1966. Many happy returns of the day from all your friends in Evansburg.

Visitors in Evansburg this past week were Mr. and Mrs. Emil Hoffman of Virdon, Manitoba at the A. Lorenz home. They reported being caught in the Rogers Pass as they drove to Kelowna, B.C. to visit relatives. Approximately 200 people were trapped at the summit, and stayed at the chalet. There are 90 rooms, but this was not enough, so they were sleeping on the chesterfields and on the floor. There wasn't any food and they were saying how good the Kentucky fried chicken that they'd had in the car for three days tasted. They returned to Manitoba via the Yellowhead route.

Best wishes for a speedy recovery go to the following people: Miss Annette Coulombe who was a patient in Drayton Valley; to Danny Lalonde, Drayton Hospital; to Clifford Horst, Drayton Hospital, who broke his leg; and to Bill Rachuk who has been in an Edmonton Hospital for some time, hope you'll be home soon Bill.

Congratulations go to Phil and Dianne Osborne on the birth of a son.

Couple Wed In Edmonton

On Saturday, January 22, Ron Hadley, second son of Mr. & Mrs. C. R. Hadley, was united in marriage with Miss Share Trevena, daughter of Mr. and Mrs. Ken Trevena of Edmonton. The wedding took place in St. Andrew's United Church, Edmonton, followed by a reception for about 80 guests at the Hillcrest Golf and Country Club.

The young couple are making their home in Edmonton where they are both employed.

VILLAGE OF EVANSBURG
NOTICE OF PUBLIC MEETING

The Council of the Village of Evansburg, having authority under Section 134 of the Planning Act to amend the Zoning By-Law No. 221 proposes to pass By-Law No. 251 for the following purposes;

That Block 3, Plan 482 C.H. be rezoned from P (Community) to R (Residential)

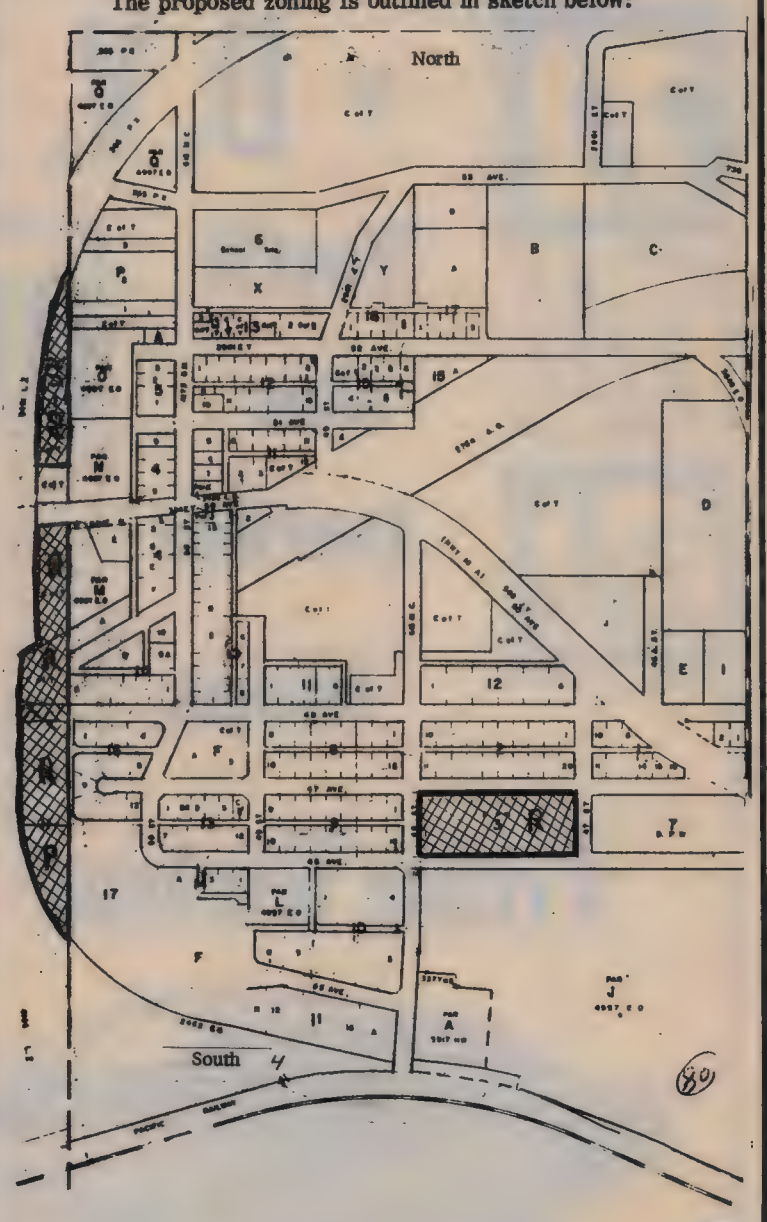
That the area annexed to the village and now forming a portion of the westerly boundary of the village be designated as follows:

(a) That portion commencing along the west boundary of Lot 2, Block P, Plan 1541 K.S. to within approximately 150 feet of the north boundary of Highway 16A be AG-UR (Agricultural Urban Reserve).

(b) That the portion commencing at the south boundary of Highway 16A to the north boundary of Block 17, Plan 1138 M.C. be R (Residential).

(c) That the remaining area running parallel to Block 17, Plan 1138 M.C. be P (Community).

The proposed zoning is outlined in sketch below:



The proposed by-law may be examined during office hours 10 a.m. to 12 noon and 1 p.m. to 5 p.m. Monday through Friday at the office of the Secretary-Treasurer, Village of Evansburg.

The Public Hearing will be held in the Village Office at 5:00 p.m. on February 21st, 1972.

Written objections to the proposed by-law will be received at the office of the Secretary-Treasurer until 4 p.m. of the 21st day of February 1972. Objections shall be submitted in writing prior to the meeting.

(Mrs.) Mary Cumming
Secretary-Treasurer
Village of Evansburg

POLICE BEAT

Constable Charles Davies, Constable-in-charge at the County Office in Drayton Valley, has been a policeman for eight years.

When he arrived in Drayton Valley in 1954, he worked at various jobs in the oil fields.

Then six years ago, Constable Davies became a part-time policeman while working with the Public Works Department.

Finally, he was able to take Alberta Provincial Police Training at Airdrie for six weeks, becoming a full-fledged police officer in 1969.

In that year he became a County Policeman, and in June of last year, became Commander of the Detachment when he took the position over from Tony Osbourne

Born in North Battleford, Saskatchewan, Constable Davies attended school in Medstead, a small town near his birthplace. Following graduation, he moved to Drayton and has lived here ever since.

Married and with two children, he feels that his roots are planted, and he's here to stay.

As a policeman, he covers such areas as Lodgepole, Cynthia, Tomahawk and Drayton Valley.

County bylaws are enforced by the department which also handles welfare and public asistance.

D. V. Highlights

BY MRS. EDITH DEBY

The Clarence Duningtons celebrated their thirty-first wedding anniversary on January 28th. Friends came for an evening of cards and good fellowship. Best wishes for many more happy anniversaries, Mr. and Mrs. Dunington.

Mrs. Proud, of Prince Albert Saskatchewan, has been visiting her sister, Mrs. Green for the last two or three weeks. Shortly after Mrs. Proud came the flu bug caught up to her and she was forced to spend eight days in hospital. At present she is convalescing at Mrs. Green's home and we hope she will soon be able to enjoy the rest of her visit.

Mrs. Roman Vowk has been moved to the University Hospital. Her problem has been diagnosed and it is hoped that treatment will eliminate the need for surgery.

Mr. Oliver Antosko, of Red Water, passed away suddenly recently. He was proceeding toward his home on a very cold Sunday evening when he was, apparently, attacked by a thief, or thieves. R.C.M.P. are investigating. Mrs. Bohdan Urchyshyn, of Drayton Valley, is a sister. Sympathy is extended to Mrs. Urchyshyn at this time.

Mr. and Mrs. Robert Hunter have been transferred from Calgary to Edmonton. They have bought a house in the Southgate area and will move in mid-February.

Mr. Fitz Joesting celebrated his seventy-third birthday on January 24th. Mr. Josting's daughter, Mrs. Ted Tucker, had a number of friends to dinner in her father's honour. At the open house which followed many others came by to offer birthday good wishes.

Mr. and Mr. Don Bester have been transferred to Edmonton. During their two and a half years stay in our town they have made many friends and will be missed.

Bill Urchyshyn has a few days off and is spending them at home. His rig is working north of Hinton at present.

Gas Company Plans Large Expenditure

The largest program of capital expenditure in the history of the company is forecast for 1972 by Northwestern Utilities, Limited, which last week announced its construction program for next year at $8,138,000.

Growth of population in the area served by the company in central Alberta has been at a high rate during 1971. The company serves 114 communities, including the cities of Edmonton, Red Deer, Camrose and Wetaskiwin, and expects the rate of growth to continue in 1972. It is forecasting the connection of 5,200 new customers, including 400 rural customers. The cost of the extensions to its urban and rural systems to serve these new customers, together with the cost of service lines, new meters, etc., is estimated at $2,234,000.

A number of major programs will extend and improve the company's pipeline network, which now measures more than 4,400 miles. Cost of these projects in 1972 is estimated to be $3,700,000

Tomahawk News

Six tables of card players enjoyed whist again at the Tomahawk School on January 14th. Travelling prize winners were, Mrs. Schoepp and Walter Case, Jr First prize winners were, Mrs. Schoepp and Mr. U. Wiedeman. Consolation prize winners were Alma Schadeck and Henry Traudt. Next whist drive will be on Saturday, January 29th.

Minor Hockey Week started on January 22nd. The Bantam All-Stars started it off with a tournament on Saturday afternoon. The Challengers, of which Terrence Schadeck, Walter Case and Kim Lukaniuk of Tomahawk are players. Four teams played in this tournament. Leduc, Edson, Barrhead and the Challengers of Drayton Valley. The Challengers won against Leduc 2 - 10. Barrhead beat Edson 2 - 11. Edson and Leduc played off a very exciting and close game between Barrhead for second place and Leduc won 1 - 5. At 7:00 p.m. a very exciting and close game between Barrhead and Drayton Valley was played. It was tied 4 all at the end of the third period. Ten minutes overtime was played and it was 6 all. Then they played without goalies to break the tie and the "Challengers" won the trophie.

Mrs. Pauline Piskunowicz, born on March 4th, 1888 came to Canada with her husband Joseph and eight children from Poland in 1930. They farmed in Tomahawk for many years and the ninth child was born to them here in Canada.

On January 16th, 1972, Mrs. Pauline Piskunowicz of 11404-111A Avenue, formerly of Tomahawk passed away aged 83 years, ten months. Survived by four sons; Adolf of Tomahawk; Paul of Burtonsville; Lucas and Johnny of Edmonton; three daughters, Mrs. Bessie Henkel of Easyford; Mrs. Janina Crawford of Tomahawk; and Josephine of Edmonton. Sixteen grandchildren; and two great grandchildren. Her loving husband Joseph predeceased her in 1941 and one daughter predeceased her in 1957. Prayers were Wednesday, January 19th at the Park Memorial Chapel. Requiem Mass was celebrated Thursday, January 20th at the Church of the Holy Rosary.
Reverend P. Klita, O.M.I. was the celebrant with interment in Holy Cross Cemetery.

On January 17th Mrs. Amanda Celia (Maude) Plant, 9242-152 Street, aged 85 years passed away She leaves her loving husband, David. Funeral services were Thursday at St. John's Church. Interment Westlawn Cemetery.

Many people of Tomahawk may remember Plants when they lived here in Tomahawk where Mr. and Mrs. Gruber now live. David Plant moved to Tomahawk before he was married about 1908 and had one of the first cars in 1922. They had no children and when they left Tomahawk in 1946 Kayko's bought their farm.

Bill and Mary Flynn and the two girls May and Diane, we are sorry to say, are leaving the hotel in Tomahawk in February. Mrs. Flynn says "They hate to leave now that they've gotten to know everyone."

Bill and Mary were both born in Scotland and were married there on January 4th, 1944. Their three oldest children were also born in Scotland. Janice Dowler, married and has a boy and girl and lives in Edmonton; Christine Harris married and also has boy and girl and lives in Edson and William who will be going to University.

They came to Canada and Edmonton in 1956, where Bill had a cement finishing business. Their two youngest children, May and Diane were born in Edmonton. They came to Tomahawk two years ago on May 1st, 1970. Their plans at present are not definite but I'm sure we all wish them well, what ever they do.

On Wednesday, January 26th, the news reported that this has been the coldest weather since 1887 in the Edmonton area. Temperatures varying in the -50 to -60 below, well on this record setting day, Elaine Zutz of Tomahawk, who now lives and works in Edmonton, phoned home to say "I've got my hotpants on and I'm going to Hawaii". Mary Ewaslko and Elaine went by bus to Great Falls, Montana, U.S.A., from there they were to fly to Hawaii. They're to be gone for three glorious weeks.

Tomahawk Men's Open Bonspiel was held on January 21, 22 and 23.

Winners were as follows: First event - 1st went to Bill Wickware's rink and second to Jerry Jone's rink of Drayton Valley.

Second event - first went to Richard McLean's rink of Devon and second to Dough Mager of Highville.

Third event - First went to David Case of Tomahawk and second to George Babrik of Seba Beach.

The Mixed Open Bonspiel will be on February 11, 12 and 13th Get your names in early or you may get left out.

It has been requested that anyone in the Tomahawk area having either a ball or hockey uniform not being used at present, please turn them in.

We are sorry to hear that Libby Stevensen has broken her leg.

Two very exciting Pee Wee games were played on the very cold night of Wednesday, January 26th. The first game was played at 7:30. Tomahawk vs the Elks The first goal was scored by Tomahawk's player Vincent Welk. Elks scored and again Vincent scored unassisted. The Elks again tied it and acored a third goal. The spectators reported a very exciting game with the Elks winning 3 - 2. David Jabs of Tomahawk team was the winner of the second star of this game.

The second game that the Tomahawk Pee Wee's "Rockets" played was at 10:00 p.m. against the Norrette's. The Norettes led with a 2 - 0 score and Tomahawk caught up. David Jabs scoring the first score unassisted and Dean Harrison the second unassisted. The Norrettes scored and Brian Lukaniuk, assisted by Ronnie Dunbar tied the score. They then had to play 24 1/2 minutes of overtime without goalies to break the tie and Vincent Welk, assisted by Roy Brydges scored the fourth goal and broke the tie making the "Rockets" the winners. Ronnie Dunbar received the first star, Norrettes No. 12 recieved the second star and David Jabs the third star. Spectators said the game was so exciting they didn't notice the cold. The next game to be played on January 28th against ation award.

The Tomahawk Lutheran Ladies Aid met on Thursday afternoon January 27th instead of evening because of the cold weather, at the home of Alma Reich. Thirteen members were present.

One of the main topics of business was whether or not we should cater to weddings in the church basement. It was well discussed and it was decided we shouldn't for several reasons. The stairway is too dangerous and narrow to carry large pots of hot food, we haven't enough working space or facilities to wash that many dishes, we have to get all dishes from the hall and take them back; no stove to keep food hot; not enough room to serve the tables properly etc.

The club catered to one wedding and found it too hard when it's so easy at the hall. The ladies will continue to cater for weddings but not in the church basement.

We would like to have all the friendship quilt blocks finished and handed in by the next meeting February 24th so we can complete our quilt before spring. The next meeting will be at Lydia Reich's. We wish to thank Adele Stienke for cleaning the church during the month of January.

The A.A.L. have put out a film about drugs and the Ladies Aid will sponsor its showing at the school for all the public. Coffee and doughnuts will be served and everyone is welcome. As yet we don't know the date so watch for posters. It will probably be within the next two weeks.

On Thursday, February 17th there will be another Women's Fellowship at the Cardium Room in the Drayton Valley Hotel. The guest speaker will be Mr. Schole, President of the Canadian Lutheran World Relief. He will speak on the work of World Relief.

Lenten services will start on Tuesday, February 15th at 8:00 p.m. at the Lutheran Church.

All stamps can be saved to raise money for missions.
Just cut them out and bring or send them to the church or give them to one of the Ladies Aid members.

Election of officers was held and Velda Jouan is President. Hilda Zander is Vice-President and Dorothy Domke is Secretary-Treasurer. Dorothy Domke, Adele Stieke and Hilda Zander were elected as the catering committee. Alma Schadeck, Lenora Welk and the secretary are to audit the books and Alma Schadeck is to look after the communion ware for this year.

Maroons Break Rebs Win Streak

The Camrose Maroons put an end to the Rebels win streak Saturday night at nine straight wins. Oddly enough the last team to beat the Rebels was none other that the Maroons on December 30th.

The other loss for the season as against Fort Saskatchewan November 23rd.

Saturday night's game was a good hard-hitting, fast-skating game -- the kind of a game you expect when Camrose and Drayton Valley meet.

Camrose looks strong with most of their veterans playing good hockey. Rumors were around that a lot of them had retired but believe me they have not

The Rebels played well enough to win but got a couple goal posts and a shot that bounced high off goal tender Lorne Foster and lost it and dropped in behind him.

No excuses -- Camrose also played well enough to win. It was that kind of a hockey game. I'm sure the 650 fans that were there went home happy. Of course the 50 odd Rebels fans were not, because the Rebels lost, but they saw a good hockey game.

Sam Belcourt and Henry Hodgson each picked up three points each. Sam a goal and two assists and Henry two goals and one assist. Art Assman scored a go-ahead goal for the Rebels at the end of the second period making the score 4 - 3. Rebels at the end.

A few seconds later Art suffered a thigh injury from opposing knee. The nature of injury is a possible torn muscle. Its not known yet how long he'll be out of action, we hope not long.

Shots on goal were 23 each.

I should have the Provincial Play-off schedule soon. This year the Rebels have been moved up to Intermediate B along with five other teams from C. Making nine teams in B, from Coleman in the South to Grande Prairie in the North.

The next home game for the Rebels will be Saturday night when they host the Westlock Eagles. The Eagles may have caught fire. They downed Wetaskiwin 5 - 2 last Saturday night in Wetaskiwin.

Sunday Wetaskiwin suffered their second loss of the weekend, losing a 7 to 6 over-time game to Camrose. This left the Rebels still 4 points out in front of second place Wetaskiwin.

It was a weekend for upsets. Barrhead downed Stettler 4 to 1.

The Rebels travel to Wetaskiwin on Tuesday night to play the first game in a tournament. They play the first game against Wetaskiwin. Its a straight knock-out tournament. If they win they will play in the final on Friday night against the winner of Camrose and Fort Saskatchewan who play Thursday night.

Clippers Post 11-7-2 Record

The Clippers split two weekend games to complete their first hockey League. The final league standings won't be known until after February 9th, however it appears the Clippers have ended up in fourth place in the 11 team league.

In the Saturday game against Didsbury, after two frustrating periods where the Clippers outshot Didsbury 30 - 12, they scored five unanswered goals to post 6 - 3 victory. Ken Fournier scored twice singles going to Mark Hutton, Cam Selin, Craig Featherstone and Dean Samis.

On Sunday at Stettler in the final league game of the season, the Clippers found more comfort in the penalty box than the ice and went down to a 5 - 2 defeat. Scoring for the Clippers were Milt Tucker and Craig Featherstone.

Lindale News

Mr. Harry Tweedle, accompanied by his daughter-in-law, Mrs. Steve Tweedle, arrived home from Victoria, B. C. via train to Edmonton. Mrs. Julian Fitzowich (the former Dorothy Tweedle) met them and brought them home to Lindale. Virginia plans to return to her home in Victoria by air, now that the air controllers strike is over.

Deepest sympathy is extended to the family of the late Jack Barrett of Breton, who passed away suddenly January 24th. Although Jack formerly lived in Berrymoor, many Lindale students rode to school in Breton on the school bus he owned and operated for several years.

Belated congratulations to Mr. and Mrs. Ron Hall (Cheryl Hernberg) on the birth of a baby boy on January 20th.

Congratulations also go out to Mr. and Mrs. Arnold Bryant (Audrey Floden) on the birth of a baby girl on January 27th, a sister for Anita.

Carnwood Cloth Cutters 4-H Club, put on a bazaar, bake sale, and live entertainment, in the form of skits, on Saturday evening, January 22nd, in Lindale school gymnasium. A good crowd was in attendance even though the weatherman was not too co-operative.

The Lindale 4-H Swine Club held their monthly meeting at Jim Martins on Tuesday, January 25th. Most of the members braved the severe weather, in order to attend. It is hoped to have a skating party, later on.

Little Randy Scott has gone to Edmonton to live with her father, and is attending school in the city.

On Friday, February 4th at 8:00 p.m. the staff at Lindale School will host a Social "Get to Know You" evening. There will be films games, and lunch. There will also be special guests present.

On Friday, February 11th at 7:30 p.m. there will be a film in the school gym, Lee Marvin in Paint Your Wagon. Admission children 50¢, adults $1.00.
